From recognition to large-scale heat pump deployment
EHPA's policy priority areas are:

**EHPA Policy Priorities**

**Ecodesign & Energy Labelling**
- ENER Lot 1 & 2: Space & Water heaters
- ENER Lot 6: Multifunctional Units
- ENER Lot 10: Air conditioning appliances
- ENER Lot 33: Smart appliances
- ENER Lot 38: Building Automation and Control Systems
- Energy Labelling Regulation
- Ecodesign & Energy Labelling Working Plans and MEWP
- Ecodesign for Sustainable Products Regulation (ESPR) & other Circular Economy initiatives

**Refrigerants**
- F-gas Regulation
- PFAS under REACH

**European Green Deal**
- Energy System Integration
- EU 2050 & Climate Law
- EPBD & Renovation Wave
- COVID - 19 & Recovery
- NEOPs
- Finance & Taxonomy
- Energy Efficiency
- Renewable Energy
- Industrial Strategy
- Energy Taxation & Emission Trading System
- REPowerEU

Energy System Integration
Relevance of the topic for the heat pump sector:

- 
- 

EU 2050 Climate Action and Climate Law
Relevance of the topic for the heat pump sector:

Buildings: EPBD and renovation wave
Relevance of the topic for the heat pump sector:

COVID-19 & Recovery
Relevance of the topic for the heat pump sector:

National Climate & Energy Plans

Relevance of the topic for the heat pump sector:

Finance & Taxonomy
Relevance of the topic for the heat pump sector:

Energy efficiency
Relevance of the topic for the heat pump sector:

Renewable energy

Relevance of the topic for the heat pump sector:
Industrial strategy

Relevance of the topic for the heat pump sector:
Energy Taxation & ETS

Relevance of the topic for the heat pump sector:
Relevance of the topic for the heat pump sector:
2.2.1 Ecodesign

Relevance of the topic for the heat pump sector:

ENER Lot 1 (hydronic space heating) & ENER Lot 2 (Water heating)
ENER LOT 6 (Multifunctional Units)

ENER Lot 10 (Air conditioners and comfort fans)

2.2.2 Energy labelling
Relevance of the topic for the heat pump sector:

2.2.3 Ecodesign for Sustainable Products Regulation
Relevance of the topic for the heat pump sector:

F-gas Regulation
Relevance of the topic for the heat pump industry:

PFAS
Relevance of the topic for the heat pump industry:

Investment
Relevance of the topic for the heat pump industry:
Research
Relevance of the topic for the heat pump industry:
